Governor John R. Kasich and the Warren County Commissioners have designated August as Child Support Awareness Month. Child Support Enforcement Agencies around the state are conducting activities that emphasize the theme, "Love + Support= A complete child."

According to Beth Anne Schorr, Director of the Warren County Child Support Enforcement Agency, "This year's theme focuses on the personal responsibility of providing both financial and emotional support to our children".

In recognition of Child Support Awareness Month, the Warren County CSEA will be conducting a coloring contest for children who visit our agency or our website in the month of August. The contest began on July 25, 2011 and will end on August 16, 2011. The prizes will be awarded by random drawing on August 18, 2011.

This year's prizes will be awarded in three different age categories: 2-4, 5-7, and 8-10. The winner in the 5-7 and 8-10 age groups will receive a backpack filled with school supplies. The 2-4 age group winner will receive a bag full of coloring materials and fun activities. For more information on this fun activity visit our agency website at www.co.warren.oh.us/wcchildsupport.
